EDUCATION

Atatürk University

B.Sc. Computer Engineering

• Focus: software engineering, full-stack web applications, REST APIs, databases, automation, OOP, and deployment workflows

2026

Erzurum, Türkiye

ALX

Full-Stack Software Engineer Diploma

Oct 2023 – Nov 2024

Remote

EXPERIENCE

Software Developer

RE/MAX Wise, Erasmus+ Internship

- Built and maintained **3 production real-estate platforms** using **Next.js 15, TypeScript, Tailwind, Supabase, and Vercel**
- Implemented **SEO-safe routing**, metadata, canonical/noindex logic, internal linking, reusable components, and unified layouts
- Debugged build failures, accessibility issues, environment config, and deployment problems during cross-functional delivery cycles
- Contributed to weekly stand-ups, code reviews, deployment testing, and rapid feature releases across Algarve, Lisbon, and 5 Steps

Sep 2025 – Nov 2025

Lisbon, Portugal

Technical Support Engineer

AFAQY

- Supported fleet operations for **650+ GPS-tracked vehicles**, diagnosing live device, data, and platform issues
- Built dashboards and automated reporting workflows with **Next.js, Node.js, Supabase, and Excel automation**
- Delivered client training, technical documentation, and operations handovers for technical and non-technical users

Jul 2024 – Sep 2024

Riyadh, Saudi Arabia

WordPress Developer Intern

NFS Soft

- Built multilingual client websites using **WordPress, PHP, HTML/CSS**, custom themes, responsive templates, and cPanel hosting
- Improved mobile responsiveness, accessibility, page performance, and PHP customizations across live client projects

Sep 2022 – Jun 2023

Erzurum, Türkiye

PROJECTS

BELS Digital Application System | Next.js, TypeScript, Tailwind, PHP, MySQL, REST APIs, PDF generation

- Built a school admissions platform with student auth, multi-step forms, grade entry, uploads, PDF entrance cards, and admin panel
- Implemented real API workflows, session/cookie auth, role-based access, Excel export, status tracking, and admin-editable content

2026

ErzurumŞikayet – Civic Complaint Platform | Laravel, PHP, MySQL, Tailwind, Alpine.js, cPanel

- Developed user, company, and admin dashboards with complaint flows, company registration, category filters, and real-time stats
- Handled DB schema, backend logic, frontend UI, production deployment, GitHub tracking, and ongoing production fixes

2025

Real Estate Multi-Site Platform | Next.js, TypeScript, Tailwind, Supabase, Vercel

- Delivered dynamic News routing, shared layouts, reusable UI, SEO metadata, internal linking, and stable Supabase/Vercel deployments

2025

Campus Safety App | React Native, Expo, TypeScript, Expo Router, Supabase

- Built with a 3-person team: emergency alerts, real-time incident reports, interactive campus map, and admin safety dashboards

2025

EventSys / YOLOv8 / Library System | React, Node.js, MongoDB, Python, PyTorch, C#, SQL Server

- Built event auth/ticketing/admin flows, YOLOv8 real-time detection with analytics, and a C# library system with T-SQL procedures

2024

LEADERSHIP

International Volunteering & Event Operations

Erasmus+ Youth Summer Fest | FIS Snowboardcross World Cup

- Facilitated youth workshops, supported activity planning, and coordinated with international volunteers from 10+ countries
- Provided English/Turkish translation and field support for **15+ participating countries** during live technical event operations

2025

Romania / Erzurum, Türkiye

SKILLS

Languages: TypeScript, JavaScript, PHP, Java, Python, C, C++, C#, SQL, MATLAB, HTML, CSS

Frontend: React, Next.js 14/15, React Native, Expo, Vite, Tailwind CSS, React Query, Redux Toolkit, Context API, Blade, Alpine.js, WordPress

Backend/DB: Node.js, Express.js, Laravel, REST APIs, Spring Boot basics, Supabase/Postgres, MongoDB, MySQL, SQL Server, T-SQL

DevOps/Cloud: Git, GitHub, GitHub Actions, CI/CD, Vercel, Supabase, Docker, Linux, cPanel, Hostinger, Postman, Figma

Automation/AI: n8n basics, workflow automation, Excel automation, PDF generation, SEO metadata, YOLOv8, PyTorch, Streamlit, OpenCV

CERTIFICATIONS & LANGUAGES

Certifications: ALX Full-Stack Software Engineer Diploma; Vtest English Exam CEFR C1.1; Rosetta Stone English Exam CEFR C1

Languages: Arabic Native; English C1; Turkish C1
